Dear Mike:

Thank you for your letter of 16 August 1960 concerning the application of [redacted]

Although [redacted] declined the two offers that we sent to him in 1951 and 1955, we still retained his previous applications. However, we need additional information about his experience since 1955 and we have written to him to ask that he bring it up to date.

It is difficult to predict whether we will find a suitable opening for [redacted]. He would seem to have progressed in his career beyond the Junior Officer Training program through which most of our recruitment is performed. However, it would be best to wait until we have more recent information from him before attempting any conclusion regarding opportunities for him here.

Your continued interest in [redacted] is appreciated and we shall advise you regarding the outcome of his current application.

Sincerely,

We have been advised by Senator A. S. Mike Monroney of your renewed interest in our organization and shall be glad to consider your application against our current openings.

Since the material we have on file for you has not been supplemented since 1955, we are at a disadvantage in exploring current opportunities for you. It would be quite helpful in this evaluation to have up-dated forms from you and we are enclosing a set of those which we now use.

Your interest in our service is appreciated and we shall give your application prompt and careful attention.

Sincerely,

The Honorable A. S. Mike Monroney

Dear Senator Monroney:

Thank you for your letter of 16 August 1960 concerning
the application of Mr. [redacted]

We still have [redacted] previous applications but
they do not provide any information about his experience since
1959. We shall be glad to reactivate his file and have written
to him to ask that he bring it up to date.

It is difficult to predict whether we will find a suit-
able opening for [redacted]. He would seem to have progressed
in his career beyond the Junior Officer Trainee program through
which most of our recruitment is performed. However, it would
be best to wait until we have more recent information from him
before attempting any conclusion regarding opportunities for him
here.

Your interest in [redacted] is appreciated and we shall
advise you regarding the outcome of his current application.
